

## 金能獎簡介

為鼓勵臺灣太陽光電業者生產高值化產品，強化臺灣太陽光電產品形象與品質，促進產業發展，提升國際競爭力，經濟部能源局於2013年起委託工研院量測中心，舉辦「優質太陽光電產品評選活動-金能獎」，透過公平、公正的審查機制，評選優質太陽光電產品。

金能獎自2013年首屆以來，迄今已辦理至第9屆，目前已成為臺灣太陽光電產業備受重視的獎項之一。金能獎以優於IEC國際規範及更嚴苛的海島型氣候環境試驗條件成功促進產品高值化發展，讓國際看見台灣光電產業的研發實力！

## Taiwan Excellent PV Award

The TEPV award being acknowledged as one of the most prestigious award in Taiwan. As the purpose to encourage domestic photovoltaic industry players to produce high-value products, enhancing the fine quality impression and international competitiveness, the BOE/MOEA handled the "Taiwan Excellent PV Award" Selection Activity from 2013. This activity is mainly based on the latest and strictest IEC standards, and in line with industry development and market demand. Through a fair and just review mechanism, selecting the most representative Taiwanese excellent photovoltaic products.

The selection campaign being combined with stricter test conditions than the IEC standards and the test condition under island environment. The result is the strength of Taiwanese research and excellent products being presented in front of the world.
